### Keep your battery in top condition – especially in winter!

Cold temperatures are harsh on tractor batteries. Prevent a dead battery and starting problems with a [CTEK battery charger](#).

Take advantage of 20% winter discount on:

- CTEK battery charger
- Connection adaptor CTEK battery charger

20% off on CTEK battery charger + connections

Now 20% off!

### Reliable starting in cold temperatures

For diesel engines, these components are crucial for a trouble-free start in winter:

- **Starter motor** – ensures a powerful start
- **Alternator** – keeps the battery fully charged
- **Glow plug** – essential for cold starts

Worn or weak parts? Take advantage this month of:

20% off electrical system

### New monthly vlog: #MTPworks - february
